MTS Systems to Present at J.P. Morgan Auto Conference

Eden Prairie, MN – July 27, 2016 – MTS Systems Corporation (NASDAQ: MTSC), a leading global supplier of high-performance test systems and sensors, today announced that Dr. Jeffrey Graves, President and CEO, will make a presentation to the investment community at the J.P. Morgan Auto Conference on Wednesday, August 10, at 3:35 p.m. ET, at the J.P. Morgan Conference Center in New York City. Dr. Graves will be accompanied by Senior Vice President and CFO, Jeff Oldenkamp.

A live audio webcast of the presentation will be available by accessing the investor relations section of the Company's website at <http://www.mts.com/en/investor/investorevents/index.htm> and clicking on the webcast icon. The audio presentation will be archived on the website beginning August 11 for 90 days.

About MTS Systems Corporation

MTS Systems Corporation's testing hardware, software and services solutions help customers accelerate and improve their design, development, and manufacturing processes and are used for determining the mechanical behavior of materials, products, and structures. MTS' high-performance sensors provide controls for a variety of applications measuring motion, pressure, position, force and sound. MTS had 2,400 employees at October 3, 2015 and revenue of \$564 million for the fiscal year ended October 3, 2015. Additional information on MTS can be found at <http://www.mts.com>.
